Top 3 reasons to stay at the hotel:

- 1) Fantastic location in the heart of Beaune. Lovely period property, obviously privately owned and very much cherished.
- 2) Stunning array of public areas and space, internal lounges and external courtyards to relax and enjoy the excellent and friendly service
- 3) The cooking is very accomplished indeed. On site, although operated separately, but very much stitched into the hotel, Loiseau des Vignes restaurant is superb.

Overview (A brief explanation of the hotel and facilities as experienced):

Wonderful small but every bit luxury hotel in a great location. Lounges and external courtyards serviced by happy and kind staff, make staying here a total pleasure. It is a hotel that is grown up and knows it. It has everything a traveler would need when visiting the area and it delivers excellently in all areas. The food is superb and of course the selection of wines are second to none.
