In its continuous development and its desire to offer its customers a real global experience, Le Cep***** now offers everyone the opportunity to come and eat in its new "Ayurvedic dining room", offering vegetarian food with sweet notes Indian. Delightfully inspired by Ayurveda, its dishes take on their full meaning for spa guests who come to relax at the Spa Holistique Marie de Bourgogne, but also for all customers of the Hôtel le Cep and locals who wish to add a little change of scenery to their menu, in the form of a self-service buffet!

THE RESTAURANT LOISEAU DES VIGNES

The "Loiseau des Vignes" restaurant is housed in the Hôtel Le Cep. The chef is rediscovering Burgundy specialities. The setting is contemporary and refined, highlighting the noble materials used.

Fifteen years after it opened, Bérangère Loiseau has transformed the Loiseau des Vignes restaurant into a chic bistro.

Located in the heart of Beaune, close to the legendary Hospices, "Loiseau des Vignes" celebrates Burgundy from glass to plate.

Guests will discover what has made the concept so successful: an exceptional and exclusive selection of Burgundy wines, meticulously crafted by Eric Goettelmann, the group's executive head sommelier and Meilleur Ouvrier de France 2019. Four wine cellars housed in a masterly oak case offer up to 32 different wines by the glass (from €7 a glass). The cellar has up to two thousand bottles of Burgundy (from 45 euros a bottle).

In the kitchen, new chef Alexandre Dutat offers a gourmet menu: eggs en meurette, pâté en croûte, snails, guests can sample Burgundy, its terroir and its emblematic dishes.

The cuisine is convivial and firmly rooted in the Loiseau culinary signature: straightforward tastes, good sauces and top-quality produce.

The restaurant is closed on Sundays and Mondays. Reservations are recommended.

Wine Tasting Cellars Saint-Felix

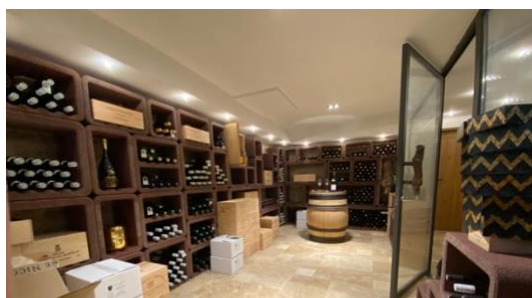

Le CEP collects for more than 30 years the wines bought during the famous Wine Auction of the Hospices of Beaune and also some other precious bottles, but we hadn't yet find the perfect place to expose, share and sale this nectar the way they deserve it...

Which is now done!

It is located ideally in the heart of the hotel, accessible from the courtyard Thiroux de Saint Félix, dated from 1570.

In 2021, following the renovation of our Maison des Remparts, two new cellars were created:

the so-called ageing cellar

and the Caveau Lounge at the Maison des Remparts.

In 2023, the "Gaspard" cellar was renovated to welcome you in a second vaulted cellar.

In a felted and chic atmosphere, your senses will awake instantly in the privacy of this place, which may be privatized for tasting a vintage wine or a divine nectar from the 40 "cuvées" of the Hospices de Beaune on 30 vintage wine chosen among our private and unique collection!

This privilege place will quickly become the favorite place of our epicurean guest, loyal great lovers of the wines of Burgundy, where we can organize master classes, private tasting, some "mâchons bourguignons", the birthdays celebrated between close friends with the bottle of his birth year ...

And of course, it is a great opportunity to choose the bottles you want to bring back home, to extend the memory of the stay at the Hôtel Le CEP et Spa Marie de Bourgogne!

Bottles from 30€ up to 30 000€!

1200 Burgundy references à la carte, from 250 estates,

**Dated from 1920
to taste on the spot or to have it delivered.**

Opening of our brand-new Cigar Lounge and rare spirits Bar

Hotel Le Cep***** continues its quest for excellence, through innovation to satisfy its loyal clientele who are eager for novelty and exceptional experiences.

It's currently time for the aficionados to be delighted by our latest creation:

A brand-new space wholly dedicated to the world of cigars and rare spirits!

Ideally nested in our wonderful half-timbering courtyard Thiroux de Saint Felix, existing since 1570, the cigar lounge faces our Saint Felix cellar which is dedicated to tastings sessions of our exceptional collection of more than 1,200 Burgundy wine appellations...

An outdoor living room will be accommodated in our courtyard beneath the balcony, creating a comfortable space to link these two spaces.

Bringing together smokers and non-smokers

Jean-Claude Bernard, the owner of the property states:

“Nothing was left aside, and I wanted to create a charming, intimate, and comfortable space to bring smokers and non-smokers together, protected from passive smoke, odourless and noise-free.

Everyone can live and share their best experiences!”

Due to the constant laminar flow of fresh air, invisible and imperceptible, pulsing from the bottom of the 4 corners of the living room, which is sucked in by the 30,000 micro-holes drilled in our oak ceiling. The stale air is thus recovered by the technology from the ceiling which is then evacuated.

Result: the cooled smoke would never come down, so no smell from the smoke is emitted.

Our customers and local enthusiasts will thus be able to benefit from our hospitality and our exceptional collections of:

- A wide choice of cigars is available from popular destinations like Cuba, Honduras, the Dominican Republic or Nicaragua
- Our rare alcohols with a collection of more than 100 chartreuse references (Tarragone, VEP, Fabiola, 9th centenary, Espiscopale, Santa Tecla...), fine wines and Marcs de Bourgogne, Whiskey (Michel Couvreur, Glenmorangie Tuiga 25 years...), Red Porto Colheita Alto Corgo 1900, Cognac Louis XIII, Rum El Dorado LAST CASK 2000, ZACAPA XO and a unique collection of Mader wines, the oldest of which spent over 172 years in oak casks...
- Our cellar book with our 1200 appellations of Burgundy wines

The Cigar Lounge is open to hotel guests, residents of Beaune, cigar enthusiasts and members of our Club Saint Félix.

The lounge with 12 seats can be privatized for special events or just to enjoy a good game on tv among peers...

The hotel now offers Master Class about wine, tobacco, and rare alcohols as well as themed tastings.
